**Who must file a declaration** You must file a declaration of estimated tax if you are required to file a Maryland fiduciary income tax return *and* your taxable income would be expected to develop a tax of more than \$500. You must file a declaration with payment in full within 60 days of receiving \$500 or more of income from awards, prizes, lotteries or raffles, whether paid in cash or property if Maryland and local tax has not been withheld.

A personal representative of an estate is not required to remit estimated tax payment for the first two taxable years of the estate.

**When to file a declaration** You must pay at least one-fourth of the total estimated tax on or before April 16, 2001. The remaining quarterly payments are due June 15, 2001, September 17, 2001, and January 15, 2002. You may pay the total estimated tax with your first payment, if you wish. If you are filing on a fiscal year basis, each payment is due on the 15th day after the close of each quarter.

**Overpayment of tax** If you overpaid your 2000 income tax (Form 504) you may apply all or part of the overpayment to your 2001 estimated tax. If the overpayment applied equals or exceeds the estimated tax liability for the first quarterly payment, you are not required to file the declaration. If the overpayment applied is less than the estimated tax liability, you should file the declaration and pay the balance of the first installment. Preprinted vouchers will be mailed to you for the remaining payments.

**Changes in income** Your situation may not require you to file a declaration on April 16, 2001. However, a large increase in income after that date may require you to file a declaration. If at any time during the year you need to amend your original declaration, simply increase or decrease the remaining payments.

**How to estimate your 2001 tax** If you complete the worksheet on page 1 of the form correctly, it should develop your 2001 estimated tax. You may also use your 2000 fiduciary income tax return as a guide. For the purpose of estimating, round all figures to the nearest whole dollar.

The annualized income installment method used for federal estimated tax purposes may be used to compute Maryland estimated tax.

**Specific instructions:**

- Line 1.** Total income expected in 2001 is your estimated federal taxable income.
- Line 2.** Federal exemption amount. Enter the exemption amount you expect to claim on your federal fiduciary income tax return.
- Line 4.** Net modifications. Fiduciaries are permitted those additions and subtractions allowed individuals. For further information, see the instructions for Form 502 for resident individuals or Form 505 for nonresident individuals. Only the fiduciary's allocable portion should be used.
- Line 6.** Nonresident deduction. If any beneficiaries of the estate are nonresident individuals or corporations not doing business in this state, enter on this line the total income from intangible personal property less allocable expenses which you expect to accumulate (and not distribute) during the taxable year for their benefit.
- Line 8.** Maryland exemption. The Maryland exemption allowed to a personal representative is \$600. A fiduciary other than a personal representative is allowed \$200.
- Line 10.** Maryland fiduciary income tax. Compute your tax on the amount on line 9 using the following tax rate schedule:

**Tax rate schedule**

If the amount on line 9 is:		Amount of tax
At least	but not over	(Enter on line 10)
\$ 0	- \$1,000	2% of the amount on line 9
1,000	- 2,000	\$20 plus 3% of the excess over \$1,000
2,000	- 3,000	\$50 plus 4% of the excess over \$2,000
3,000	- over	\$90 plus 4.80% of the excess over \$3,000

**Line 11.** Local income tax. Maryland counties and Baltimore City levy an income tax which is a percentage of taxable net income. Using the following criteria, determine to which city, county or local taxing jurisdiction the fiduciary must pay the local income tax.

1. A personal representative should use the rate for the jurisdiction in which the decedent was domiciled on the date of death.

2. Other fiduciaries should use the rate for the jurisdiction in which the trust was created or is principally administered.

The amount you entered on line 9 is your taxable net income. Multiply that by your local tax rate (see below) and enter on line 11.

Subdivision	Rate	Subdivision	Rate
Baltimore City	.0251	Harford County	.0306
Allegany County	.0287	Howard County	.0243
