MARYLAND INCOME TAX RETURN FORM 515

For nonresidents employed in Maryland who reside in jurisdictions of Delaware, New York and Pennsylvania that impose a local income or earnings tax on Maryland residents.

INSTRUCTIONS 2007

IMPORTANT NOTES

DUE DATE

Your return is due by April 15, 2008. If any due date falls on a Saturday, Sunday or legal holiday, the return must be filed by the next business day.

COMPLETING THE RETURN

You must use blue or black ink when completing your return. **DO NOT** use pencil or red ink. Submit the original return, not a photocopy. If no entry is needed for a specific line, leave blank. Do not enter words such as "none" or "zero" and do not draw a line to indicate no entry.

You may round off all cents to the nearest whole dollar. Fifty cents and above should be rounded to the next higher dollar. State calculations are rounded to the nearest penny.

PENALTIES

There are severe penalties for failing to file a tax return, failing to pay any tax when due, filing a false or fraudulent return or making a false certification. The penalties include criminal fines, imprisonment and a penalty on your taxes. In addition, interest is charged on amounts not paid when due.

To collect unpaid taxes, the Comptroller is directed to enter liens against the salary, wages or property of delinquent taxpayers.

EXPLANATION OF TAX

The individual's employer shall withhold the Maryland local income tax. The individual shall not be required to file a Maryland return, nor the employer withhold the tax, if the Comptroller determines that the locality in which the individual resides does not impose a tax on Maryland residents with respect to income from salary, wages or other compensation for personal services performed in the locality or, if it does impose such a tax, that it provides an exemption, credit or other procedure whereby the income of residents of Maryland is rendered free of taxation and withholding.

1 Who is a nonresident? In general, every individual other than a resident of Maryland is a nonresident.

You are a nonresident if you do not have your permanent home in Maryland and did not maintain a place of abode (that is, a place to live) in Maryland for more than

six months of the tax year.

If you establish or abandon legal residence in Maryland during the tax year, you are taxable as a resident for the portion of

the year during which your legal residence was in Maryland. (See Form 502 Instructions.)

2 Who must file? Decide if you must file a nonresident Maryland income tax return, Form 515. In general, you are liable for local income tax and must file this return if you are a nonresident of Maryland AND you received salary, wages or other compensation for personal services performed in any county of Maryland or in Baltimore City AND you lived in jurisdictions of Delaware, New York and Pennsylvania that impose a local or earnings tax on Maryland residents AND you are required to file a federal return.

TO DETERMINE IF YOU ARE REQUIRED TO FILE A MARYLAND RETURN:

- Add up all of your federal **gross** income (except any income which is exempt by law) to determine your total income.
- Do not include Social Security or railroad retirement benefits in your total federal income.
- Add to your total federal income any Maryland additions to income. Do not include any additions related to non-Maryland income or loss. (See Instruction 11.) **This is your Maryland gross income.**

- If you are a dependent taxpayer, add to your total federal income any Maryland additions and subtract any Maryland subtractions. (See Instructions 11 and 12.) **This is your Maryland gross income.**
- You must file a Maryland return if your Maryland gross income equals or exceeds the income levels in Table 1.
- If you or your spouse is 65 or over, use Table 2, "Minimum Filing Levels for Taxpayers 65 or Over" on this page.

refund of the withholding. Complete all of the information at the top of the form through the filing status, residence information and exemption areas. Enter your federal adjusted gross income on line 17 in both columns 1 and 3 and line 24. Then complete lines 34, 50-55, 57 and 59.

Sign the form and attach withholding statements (Form W-2 or 1099) showing Maryland tax withheld equal to the refund you are claiming.

Your form is then complete. You must file within three years of the original due date to receive any refund.

MARYLAND TAX WITHHELD IN ERROR:

If Maryland tax was withheld in error from your income, you must file to obtain a

3 What income is taxable? If you are required to file Form 515, then you are subject to local income tax on that portion of your federal adjusted gross income from salary, wages or other compensation for personal services performed in any county of Maryland or Baltimore City. If you have income other than wages subject to Maryland tax, you must also file Form 505. For further information and forms, call 410-260-7980 from Central Maryland or 1-800-MDTAXES from elsewhere. If you reside in New York City or Wilmington, Delaware, your wages are also subject to Maryland tax.

4 Use of federal return. First complete your 2007 federal income tax return.

You will need the information from your federal return in order to complete your Maryland return. Therefore, complete your federal return before you continue

beyond this point. Maryland law requires that your income and deductions be entered on your Maryland return exactly as they were reported on your federal return.

However, all items reported on your Maryland return are subject to verification, audit and revision by the Comptroller's Office.

5 Name and address information. Complete the "Name," "Address" and "Social Security Number" boxes.

The Social Security number(s) must be a valid number issued by the Social Security Administration of the United States Government. If you, your spouse or dependent(s) do not have a Social Security number, you must apply for a tax identification number

with the Internal Revenue Service and should wait until you have received it before you file.

A missing or incorrect Social Security or tax identification number could result in the disallowance of any credits or exemptions

you may be entitled to and result in a balance due.

Valid Social Security or tax identification numbers are required for any claim of exemption for a dependent.

6 County, city, town information. Fill in the boxes for MARYLAND COUNTY and CITY, TOWN OR TAXING AREA based on where in Maryland you were employed on the last day of the tax period (December 31, 2007 for calendar year taxpayers).

IF YOU WORKED IN BALTIMORE CITY:

Write "Baltimore City" in the CITY, TOWN OR TAXING AREA box.

IF YOU WORKED IN A MARYLAND COUNTY (NOT BALTIMORE CITY):

1. Write the name of the county in the MARYLAND COUNTY box.
2. Find the county in the list below.

3. If you worked in one of the areas listed under the county, write its name in the CITY, TOWN OR TAXING AREA box.

7 Filing status. Check the filing status box that matches the filing status you used on your federal return unless you are a dependent taxpayer.

A dependent taxpayer is one who can be claimed as a dependent on another person's federal return. If married, taxpayer and spouse must file separate returns. A dependent taxpayer may not claim a personal exemption for himself. Check the box for filing status 6.

Generally, if you filed a joint federal return for 2007, you must file a joint Maryland return. Married couples who file joint federal returns may file separate Maryland returns when one spouse is a resident of Maryland and the other spouse is a nonresident of Maryland. If you and your

spouse filed separate federal returns, you must file separate Maryland returns. A surviving spouse may file a joint return with a decedent if a joint federal return was filed.

8 Residence information. Answer all questions and fill in the appropriate boxes.

9 Exemptions. Determine what exemptions you may claim, and check the appropriate boxes on the form.

EXEMPTIONS ALLOWED

You are permitted the same **number** of exemptions which you are permitted on your federal return; however, the exemption **amount** is different on the Maryland return. Even if you are not required to file a federal return, the federal rules for claiming exemptions still apply to you. Refer to the

federal income tax instructions for further information.

In addition to the exemptions allowed on your federal return, you and your spouse are permitted to claim exemptions for being age 65 or over or for blindness. These additional exemptions are in the amount of \$1,000 each.

NOTE: If any other dependent is 65 or over, you receive an extra exemption of \$2,400 that is not permitted on the federal return. Make sure you check both boxes.

Complete the exemptions area on the front of Form 515 to determine the amount of exemption allowance to enter on line 29.

10 Income and adjustments. Complete lines 1-17 of the Federal Income column using the figures from your federal return.

Enter in the Maryland Wage Income column all salaries or wages that were derived from Maryland sources. Enter in the Non-Maryland Income/Loss column all other income or loss. Adjustments to federal gross income are not generally applica-

ble to Maryland unless they pertain to compensation for services performed in Maryland.

If you also have income from Maryland such as business income, rental income, lottery winnings, etc., other than salary,

wages or other compensation for services performed in Maryland, you must file two nonresident returns. The wage income is taxed on Form 515 and the non-wage income on Form 505.

11 Additions to income. Determine which additions to income apply to you. Write the appropriate amounts on lines 18 and 19 and the total on line 20 of Form 515. Instructions for each line:

Line 18. NON-MARYLAND LOSS. If the amount on line 17 in Column 3 is a loss, enter it on line 18 and do not make any entry on line 22.

Line 19. OTHER ADDITIONS TO INCOME. If one or both of these apply to

you, enter the total amount on line 19 and identify each item using the code letter.

CODE LETTER

a. Wages, salaries or other compensation for services performed in Maryland that

are not subject to federal tax because of a treaty.

b. Pickup contributions of a state retirement or pension system member. (The pickup amount will be stated separately on your W-2 form.)

12 Subtractions from income. Determine which subtractions from income apply to you. Write the appropriate amounts on lines 22 and 23 and the total on line 24 of Form 515. Instructions for each line:

Line 22. NON-MARYLAND INCOME. If the amount on line 17 in Column 3 is not a loss, enter it on line 22 and do not make any entry on line 18.

Line 23. OTHER SUBTRACTIONS FROM INCOME. If one or more of these apply to your Maryland income, enter the total amount on line 23 and identify each item using the code letter.

e. Income for wages earned in Maryland by a nonresident rendering police, fire, rescue, or emergency services in an area covered under a state of emergency declared by the Governor, if the wages are paid by a nonprofit organization not registered to do business in the state and not otherwise doing business in the state, or by a state, county or political subdivision of a state, other than the State of Maryland.

13 Maryland income factor. You must adjust your standard or itemized deductions and exemptions based on the percentage of your income subject to Maryland tax. Complete the worksheet below to figure the percentage of Maryland income to total income. If the result is less than 0 or greater than 1.0, use 1 as your factor. NOTE: If Maryland adjusted gross income (Line 2) is 0, use 0 as your factor.

To use the Itemized Deduction Method, you must itemize your deductions on your federal return and complete federal Form 1040 Schedule A. Copy the amount from Schedule A, line 29, Total Itemized Deductions, onto line 1 of the Itemized Deduction Worksheet below. Complete lines 1 to 5 and enter result on line 27 of Form 515. Also, the amount of any donated easement deducted as a contribution for which a Preservation and Conservation Easements Credit is claimed on Form 502CR must be

added to line 2 of the following worksheet. NOTE: Certain high-income taxpayers are required to reduce their federal itemized deductions. If you had to reduce your total federal itemized deductions, use the Itemized Deduction Worksheet For High-Income Taxpayers to calculate the amount of state and local income taxes to be entered on line 2 of the following worksheet.

You are not required to itemize deductions on your Maryland return simply

because you itemized on your federal return. Figure your tax each way to determine which method is best for you.

Your Maryland itemized deductions are limited to those deductions related to Maryland income. You must adjust the total itemized deductions based on the percentage of Maryland income. Use the Maryland income factor from Instruction 13 to figure your allowable Maryland itemized deductions.

Find the income range in the tax table that applies to the amount on line 32 of your return. Find the Maryland tax corre-

sponding to your income range. Enter the tax amount on line 33 of your return. If your taxable income on line 32 is \$100,000 or

more, use the Maryland Tax Computation Worksheet at the end of the tax table.

19 Earned income, poverty level, and other credits for individuals and businesses. You may claim a credit on line 34 equal to one-half of the earned income credit on your federal return multiplied by the Maryland income factor. You may claim a credit on line 35 of 5% of your earned income multiplied by the Maryland income factor if your income is less than the poverty income guidelines. You may also be eligible for a refundable earned income credit.

EARNED INCOME CREDIT

If you claimed an earned income credit on your federal return, then you may claim one-half (50%) of the federal credit multiplied by the Maryland income factor on your Maryland return. If you filed a joint federal return, but a separate Maryland return, you may claim a combined total of up to one-half the federal credit. Complete Part I of the worksheet on page 6 to calculate the amount to enter on line 34 of Form 515.

This is not a refundable credit.

POVERTY LEVEL CREDIT

You are not eligible for this credit if you checked filing status 6 (dependent taxpayer) on your Maryland income tax return.

Generally, if your Maryland state tax exceeds 50% of your federal earned income credit and your earned income and federal adjusted gross income are below the poverty income guidelines from the worksheet, you may claim a credit of 5% of your earned income multiplied by the Maryland income factor.

Complete Part II of the worksheet on page 6 to calculate the amount to enter on line 35 of Form 515.

This is not a refundable credit.
